The Frederick Price Lectureship

This Lectureship was founded in 1938 by Dr Frederick William Price, who placed a sum of £1000 in the hands of the College on trust for the purpose. The fundamental aim of the Founder was that the Lectureship should be in keeping with and a help towards the international prestige of the Edinburgh Medical School.

The Lecture is held triennially and the Lecturer is expected to publish his Lecture within a year of its delivery in a leading British medical publication. In accordance with the wishes of the Founder the Council considers the claims of foreign as well as British authorities.

Jean Hunter Fund

Under the will of the Rev William Turner Hunter the Council of the College received in 1948 a sum of £500 in trust as a fund to be known as the "Jean Hunter Fund". The interest of the fund is to be used for the advancement of research in the treatment of nervous exhaustion—with special reference to the subject of hydrotherapy in relation to psychopathic conditions—by the provision periodically of a Prize for an essay on this subject. The Prize is open to

The Hill Pattison-Struthers Bursaries

The Hill Pattison Struthers bursaries were founded by Dr Thomas Hill Pattison and Dr James Struthers. In 1888 the College received an endowment from Dr Pattison and in 1902 Dr Struthers added to the original endowment a further bequest. The purpose of the endowment was to assist extra mural students of medicine at Edinburgh. The administration of the endowment was at the discretion of the Council of the College. The original scheme approved by the College provided for one bursary in anatomy and physiology, and a further bursary in clinical medicine both open to candidates for the Triple Qualification who had studied in Edinburgh. The clinical medicine bursary

Wood Bursary

The Wood Bursary is tenable for the period of the undergraduate course in Medicine at Edinburgh University and is at present of the value of £100 a year. The Bursary was founded by Dr Alexander Wood, a Fellow of the College from 1840-1884 and President from 1858-1861, to commemorate his father, Dr James Wood and himself. The conditions of the Bursary were modified by the Educational Endowment Commissioners in 1935, but it is still awarded on a competitive examination in Latin, Greek, English and Mathematics as laid down in Dr Wood's will. The Bursary is normally awarded once every six years and a vacancy is advertised as it occurs. Under certain circumstances a bursary may be awarded to a student who has completed part of his medical course.

of the seventeenth century a very good collection of the available medical literature had been assembled and the Library had become, what it has been ever since, one of the major activities of the College and the chief burden on its funds

As a result of its long unbroken history the Library is particularly rich in the early sources of medical knowledge and possesses many rare and some unique books. It contains also over 1000 volumes of manuscripts for the most part connected with the founders of the Edinburgh Medical School.

The number of volumes in the Library is now over 150,000. The Library inherits a remarkable collection of unbroken runs of periodicals and all the important medical works are represented in some edition. At the present time 500 journals are received each year and a selection of the more important monographs is added to the Library. A list of accessions is issued quarterly. The

Under the conditions of the Sydney Watson Smith Bequest the Library is able to supply persons engaged in research work with photo-copies and translations of medical articles needed for their research.

The Research Laboratory

The control of the Laboratory passed from the College to the University on 1st October 1950, following a decision of the Carnegie Trustees who were the owners of the property at 2 Forrest Road. Thus there was brought to an end a notable chapter in the history of the College, covering a period of sixty

years, during which much valuable research work was accomplished and reporting facilities were afforded to very many over the length and breadth of the land. It is satisfactory to record that the premises continue to be used for research purposes and that the Histological Department is remaining at Forrest Road. It is hoped that the latter will be perpetuated under whatever form the Lister Memorial Scheme to which the following...
